*Major Awards Consideration requires achieving a 97 or better points score in the Class Judging. In the Class Judging, each Ferrari competes only against itself. Each Ferrari starts with 100 points and points (and 1/2 points) are deducted as needed. Achieving 97 points or better is extremely hard. The Ferraris you see here have all achieved 97 points or better, and then have gone on to win Major Awards through individual merit. Please note too that many of the great Ferraris at the Concorso were for display only.*
